## CAUGHT IN THE WEB: Hunting the Predators *\*Canadian!*

In this documentary we see how the Internet fuelled an explosion of child abuse, how police are racing to learn new CSI-type techniques to find the children displayed in abuse images that are flooding the web, and how young people can be empowered so that they can turn the tables on the predators and reclaim the Internet as a safe global neighborhood for all. #11922/0973 49 minutes 2007 \$149.95 \*SA

## CHILDREN, THE INTERNET AND PORNOGRAPHY

With information access, particularly via the Internet, children are being exposed to pornography much earlier and at an alarming rate. Parents, caregivers and educators struggle to find appropriate response when they find out their children have been exposed to sexually explicit materials. And the anonymous nature of the Internet also breeds sexual predators and victims. With the help of experts, educators and families, viewers learn how to deal with this phenomenon; from prevention to conversation with child and reporting suspicion of abuse by sexual abuse predators online. #14907/1027 28 minutes 2007 \$139.95 \*CC \*SA

## REALITY MATTERS FOR PARENTS *\*Produced by Discovery Education!*

Bullying, teenage drinking, obesity, and Internet safety are some of the biggest challenges facing parents and teens today. These four programs (on one DVD) provide tips for keeping teens safe and helping them to make smart decisions now and in the future.

ON THE ROCKS: Teenage Drinking - Shows parents how to protect their children from participating in binge drinking.

SILENT WITNESS: Bullying - Several strides are being made in school districts to encourage bystanders to stick up for people being bullied and report the bullying to an administrator.

THE BIGGEST GENERATION

Childhood obesity has become a major epidemic and several schools are taking major steps to educate students about living a healthy lifestyle.

THE INTERNET GENERATION - The Internet is a powerful tool that can provide information in a second, open up windows to the world, and connect people with friends and family. But it can also spread hate, promote harmful behavior, and invite sexual predators into the home. This program helps parents realize the harmful aspect of the Internet and provides tips on how to keep children safe and protected from any danger.
